

Updated 5/17/2010

The Department of Agriculture Chapter 18 Weights & Measures, Metrology Laboratory and Registered Service Technicians were signed by the Governor on May 13, 2010 and filed with the Secretary of State on that same date. These rules are hereby officially adopted into law.

The new Chapter 18 contains definitions; technical requirements for weighing & measuring devices and checking net contents of packaged goods; certain exemptions; inspection and testing of weights and measures used commercially; registered service technicians, registration and certification of service technicians; testing and inspection fees; laboratory fees; establishment license fees; and repealing chapters.

The new regulations also adopt federal handbooks by reference that are specific to weighing and measuring devices, laboratory operations, and current industry practices.
